ABOUT ACTIVE KIDS

Active Kids is a program specifically designed for children, ages 0-5 years old. Parents can be assured that their children will have a safe and enjoyable experience while participating in a variety of movement and learning experiences. Experiences are opportunities for children to be positively guided through a multi-sensory environment including Physical, Cognitive, Motor learning, Creative, and Social development activities. Descriptions of weekly activities can easily be found on our website at www.mambasportsacademy.com under Sports Programs. Program descriptions will be updated on our website as new curriculum is added.

During Active Kids, your child will enjoy activities using Sports Academy's multi-faceted facility. Programs and activities will utilize the Sand Courts, Yoga Room, Mondo Track, Hardwood Court Space, Turf Field, and the Learning Center. Age appropriate activities will be scheduled allowing flexibility to meet the needs of the individual child at their various ages and skill level. For your convenience, we provide a service to care for and supervise your children during your workout time. *In order to offer this service, you must remain in the building at all times. We are not a full service, child care center, or licensed daycare facility.*

- ✓ Active Kids program does not provide any transportation of children, at this time.

The parent or legal guardian dropping off and picking the child up, ***while present in the building***, will be required to sign the Active Kids Sign In/Out Record Log, which includes:

- Participant Name
- Date / Time
- Picked up by / Pick up cell#
- Signature

- Any persons not legally authorized to pick-up the participant must also be listed.

EMERGENCY PLAN PROCEDURE

We will provide the best protocol for the protection of children and staff in the event of a natural or human-caused emergency or disaster. We will assure coordination and cooperation with county government and emergency services. If it is necessary and safe to evacuate we will alert parents or emergency contacts immediately with relocation information.

MANDATED REPORTER CERTIFIED

Mamba Active Kids Coaches are required to complete the Child Abuse Mandated Reporter Training, California Certification. A website team in association with the California Department of Social Services have developed a new online training for child care providers, working in an ancillary child care facility. The new Mandated Reporter Training for Child Care Providers does now satisfy the requirements of AB 1207.

BATHROOM POLICY

Active Kids staff do not change diapers. We will offer frequent bathroom trips for the children. Every bathroom trip will include:

- Clearing the bathroom before children enter.
- AK staff will hold bathroom door open to monitor and not allow others to enter.
- Staff will not be available to assist the children in the bathroom, however parents will be contacted if the child needs assistance.

OPEN DOOR POLICY

Parents may observe some of the first-floor classes from scattered bleachers or seating areas as well as the second-floor mezzanine. We ask that while your child is participating in an Active Kids class within a classroom setting, our security program does not allow parent viewing or participation within that space. Part of our security program requires Sports Academy staff to have been cleared through a certified background check. This security program prevents parents or family members related to participants from being included or observing in activities for the safety of all children involved in the program. Please keep in mind that Mamba Sports Academy Active Kids priority is the safety, privacy, and well-being of your children. Please note that interruption can also prove to be disruptive to your child as well as the other children.

BEHAVIOR MANAGEMENT

You can work out with peace of mind knowing that your child is safe and having fun! Mamba supports a no violence policy. Children will be sent home for the following; foul and inappropriate language, fighting, inappropriate conduct, or any behavior that is deemed violent or harmful to others. If a child bites once, they will be given a warning and sent home for the day. If a child bites a second time, they will be suspended from Active Kids Programming. They are welcomed back once they are past the biting stage, but if they exhibiting biting behavior then they will be suspended for 6 months.

We believe that the management of a child is achieved through patience, consistency, and positive reinforcement. We also plan to teach Active Kids the Mamba Sports Academy Values: Commitment, Humility, Family, Perseverance, Integrity, Accountability, Balance, and Courage. Mamba Sports Academy Team Members will set these examples daily in all programs.

Positive Reinforcement: Safe rules of the Active Kids activities are frequently explained to the children. The child will be encouraged when he or she is demonstrating positive behavior.

Redirection: The child is redirected to another activity and given an opportunity to try again at another time.

Future Visit: When a child's behavior is continually upsetting or dangerous to others, the parent will be called. If the problem cannot be resolved, arrangements will be made for future visits.

When to send a child home:

Children will be sent home for the following:

- Foul or inappropriate language
- Fighting
- Inappropriate conduct
- Any behavior that is deemed violent or harmful to others

If a child bites once, they will be given a warning and sent home for the day. If a child bites a second time, they will be suspended from Active Kids Programming. They are welcomed back once they are past the biting stage, but if they exhibiting biting behavior then they will be suspended for 6 months.

First Aid and Medication

We **do not** offer any medication to anyone unless it's an EPI pen. Parent/guardian needs to fill out the medication release form. Keep the medication and a copy of the release form together at all times in a zip-lock bag.

COMMUNICATION

So we can provide the best experiences for your child, please feel free to communicate any needs, and/or concerns regarding your child. It is through good parent/staff interaction that quality nurturing experiences can be achieved.

FOOD AND NUTRITION

Due to allergies, Active Kids is a "nut safe zone". Do not pack any nuts in your child's snack pack. Please have a non-breakable bottle available for your child, and that is clearly marked with your child's full name.
