

# 2018-19 VOLLEYBALL CLUB: GIRLS 15-1

## PRE-SEASON TRAINING:

### Player Development Sessions:

It is our belief that waiting until November to continue player training for the upcoming season will limit the effectiveness of our teams ability to compete at the highest level at the start of the season. We recommend that players make the time to commit at least 1 day per week to additional training scheduled with any of our Master Coaching staff during the pre-scheduled training sessions.
